

SHIELD BACKUP Win + Mac

Easy, automatic and secure backup of your computer

KEEP YOUR MOST VALUABLE DATA SAFE

Unlimited backup only 10 eur / month per computer

Why your computer needs to be protected!

Ransomware

Ransomware encrypts all your files and demands a ransom. If you use Nexetic you'll never have to pay.

GDPR

Information is backed up and stored in EU. You are able to restore data fast and reliably.

Hardware Failure

Computers age and hard drives fail. With Nexetic you don't need to fear losing your data when hardware breaks.

Accidents

Laptops are in danger especially when travelling. Get peace of mind with Nexetic.

Theft

Your computer is replaceable, your data isn't. Protect it with automatic, continuous backup.

Device Migration

New computer? Not a problem. With Nexetic you can reduce the time it takes to get all your data to a new computer.

HOW TO GET STARTED WITH THE SHIELD BACKUP →

**ALL YOUR DATA IS ENCRYPTED EVEN BEFORE IT LEAVES YOUR COMPUTER.
YOU ARE THE ONLY ONE WHO CAN RESTORE AND ACCESS
YOUR INFORMATION.**

One-click Installation

Built-in intelligence makes installation process fast and easy.

Automatic configuration. It knows what to backup.
User can also manually select. Install and forget it.

Continuous and automatic backup

Built-in intelligence makes installation process fast and easy.

Continuous backup. All files are backed every 15 minutes.
Backup works in background and it doesn't slow your computer.

Restore

You never know when disaster happens and you need to restore your information.

One-click restore. Restore old versions of file.
12 months version history.

NEVER LOSE MONEY WHEN YOU LOSE YOUR DATA!

Did you know that average cost of data on laptop is 50 000 euros!
